REQUIREMENTS FOR BOARDING AT ROCKAWAY ANIMAL CLINIC

1. The following vaccinations/tests are required:
 - a. DHPP (yearly)
 - b. CGV (within the last 10 months)
 - c. Rabies (within the past 3 years)
 - d. Negative heartworm test (within the past year) and must be on preventative
 - e. Negative fecal within the past 12 months
2. If the above records are not on file at Rockaway Animal Clinic, you are required to bring proof of these vaccinations prior to boarding. They may be faxed to us from your current veterinarian.
3. The following vaccinations are recommended:
 - a. Canine FLU vaccination for pets that are in contact with other dogs such as doggie daycare, boarding and grooming.
 - b. Lyme vaccination for the pets that love parks, hunting or just frolicking outdoors.
4. All new animals must be seen by one of our doctors before being admitted to boarding, especially if there is a chronic health problem.
5. All boarders found to be harboring internal and/or external parasites will be treated and charged accordingly.
6. Any animal with medical problems, such as a rash, diarrhea, lick spots, etc. must be seen by a doctor at time of drop off.

Notes: "The Rockaway Animal Clinic will not be held responsible for food, blankets, toys, collars, leashes or any paraphernalia left with the animal." We have plenty of clean towels, blankets and comforters for your pet. Animals not picked up within 7 days of the scheduled discharge date will be considered abandoned and euthanized unless we have notification from the owner as to how long to extend the boarding stay."

Check-in Monday-Friday: If dropped off before 3:00 pm you WILL be charged for the day. After 3:00 pm there is no charge for the day. Saturday – drop off's are charged for the day

Discharge You are always charged for the day of discharge

I have read and agree to the rules regarding boarding and give authorization for services that are marked.
